Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #62: Make a folded rosebud by starting with a 4" square of rose fabric. Fold the square in half to make a triangle. With the point of the triangle facing down, find the middle of the top fold and fold a small amount to the **back** on the left side. Now take the two folded sides of the triangle and fold them around to the front (right side first and then the folded left side). Trim the bottom and you have your rosebud!

Have any of you gotten into your gardens yet? If I had tried this past week, it would have been 75 degrees one day, 35 the next and pouring rain the third. Which is why I prefer gardening on fabric. Much more satisfying and the weather is always perfect in my studio. Since I would plant roses if I had a green thumb, this month I'm featuring Ramblin' Rose (yes, I start singing the song every time I think of this pattern), and Anna's Rose (named after my Grandmother, Anna).

At the same time, I'm getting ready to give a lecture at a guild near home, preparing to travel to Paducah and on to Connecticut, with a stop in New York to hear my son play in Carnegie Hall. Yes, he has practiced, practiced, practiced! Guess I should get some real roses to give to him after the concert. ☺ Come visit us at one of our upcoming quilt shows. We love to see old and new friends!
