Tip: Most people don't like their seam rippers because it means a mistake has been made. Learn to love it by using it as a stiletto. It works great, especially when putting on small bindings and other intricate things!

We arrived home from Market, tired but full of new ideas and lots of packages! Portland was beautiful, the people were friendly and the quilts were fabulous. What more could one ask for? Oh yes...the coffee was close by! Our debut pattern for market was "Jeepers Creepers" and it really went over well! Now that we're back we have lots of upcoming activities and some new projects getting ready for publication – hopefully by the fall!

Many, many thanks to my staff: Anne Bowman, Krista Comstock, Leah Moog and Barbara Moog. We wouldn't have been anywhere without your tireless efforts! If you happen to visit Portland, we went to several great restaurants: Pastini's on Broadway was great and Los Baez is always a favorite

If you, your store or your guild is interested in a lecture/trunk show, a class or workshop, please feel free to contact us at [karen@quiltricks.com](mailto:karen@quiltricks.com). Sometimes it's easy for us to piggy back onto a scheduled quilt show and save some travel expenses. Check out our schedule for the next couple of months and if you're in the area, see if we can make some arrangements to visit. Or if you happen to be in the area of one of our shows, come on over and say hello. We try to always have chocolate on hand!
