Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #46: If you like to do wool appliqué, try using fusible web on the wrong side of your wool. It stabilizes the fabric for cutting small shapes and helps to keep any stray threads from raveling!

We are just back from a wonderful week vending in the Rotary Club in Paducah. Of course my friend, Leslie, visited all over town while I worked in my booth, but we both had a blast. Nothing like best buddies, loads of friendly quilters, good food and great weather. We both came home with a “couple” of packages (cough, cough). Paducah should be on every quilter’s bucket list. It’s a great place to visit in the spring!

We have a new pattern planned and just have to take a couple of weeks off in May to get it off the drawing board and into reality. A little hint: it’s made of wool. I promise, it’s coming! In the meanwhile, our Spring Woolies shown below should get you in the mood! Happy sewing...
